Pressure Points Part 2 "I am Perplexed"

2 Corinthians 4:8-9

The majority of us feel perplexed when we choose to play the comparison game.

Unfortunately for us the comparison game is a game we can never win yet most of us play it daily.

The reason so many of us play the comparison game and end up feeling perplexed is because we don't fully trust God.

God has given us everything we need right now. (1 John 4:18)

Don't focus so much on the things you don't have that you miss the gift that was freely given to you by your Father.
