Come to the Table

Part 1 "Community Killer"

Matthew 8:1-4
Luke 5:12-16

Every one of us desires community in our lives; the problem is there is something preventing true community from happening.

Pride kills us from the inside out. The majority of issues we face in our community are just symptoms of a much larger problem.

Pride cuts people off from relationships. Loving others is quickly replaced by self-preservation and self-fulfillment.

Pride distorts the way others see us and even the way we see ourselves.

Jesus is the only cure for Pride.

True Christ centered community is driven by the transformative power of God's Grace.
